Advisory Board

Children's Centres have an Advisory Board, which meets regularly to discuss the work of the Centre. They discuss for example budgets, services, data, who uses the Centre, who should be using the Centre and are the needs of the local community being met. The Board is made up of lots of different people who live and work in our community. Most importantly, we need **YOU!** We need parents to attend the Advisory Board so we can hear your opinions, thoughts and views about **YOUR** Children's Centre.

Do you need support in getting back to work?

Free job advice and planning to get back to work, support to find training, childcare and debt advice if you or a member of your family is claiming work-related benefits.

See Children's Centre staff for more information or to arrange an appointment (**TBC**)
